John also reported that county EMS associations are interested in supporting IEMSA. A dilemma regarding the use of membership benefits put this membership category in limbo. The Membership Committee met via e-mail and proposed that a County EMS Association Affiliate Membership be established as follows: Cost – \$100/Association. Benefits - 1 free individual membership for whoever is in charge

of the Association, a membership certificate, free attendance at the Management Pre-Con for the Association's designee, an invitation/discount to the IEMSA leadership training conference, a 25% discount for booth space and 2 broadcast e-mails per year. Jeff reviewed the budget, line by line, noting that there is a projected \$3000 net loss to the association. He described the special projects.
