## EMS Day

**February 24, 2024**

Sponsored by the  
**Clayton County EMS Association**

### Clayton County EMS Association

The Clayton County EMS Association consists of representatives from ambulance and first responder units throughout Clayton County. We meet bimonthly, secure and facilitate disbursement of grant funding, and share information regarding changes in policies, procedures and resources. Our association also collaborates with Clayton County Fire Association, Clayton County Sheriff's Office, MercyOne Elkader Hospital, and Guttenberg Municipal Hospital to provide quality services in times of emergency.

Our goal in organizing a Clayton County EMS Day is to make available quality continuing education for all EMS providers serving Clayton County.

We cordially invite all emergency personnel who would like to attend. No fees will be charged. Pre-registration is encouraged.
